Lunch provided

1pm – 1:50pm - Bone Marrow Aspiration and Slide Preparation Lecture

2pm – 4pm

The MCC Highlander Ranch is located at 233 Cobbs Lane, Waco, TX 76708. Take the MLK Blvd exit from IH35 in Waco. This road parallels the Brazos River, heading west. After you cross Loop 340 MLK becomes Steinbeck Bend Rd. Continue to a light and turn right on Rock Creek Rd. Go 3 miles on this winding country road. After you pass Horseshoe Bend Rd TWICE start to look for Cobbs Rd on the Right. Just a block after you turn on Cobbs you will see the driveway to the Ranch on the left. There are large black gates which should be open when you get there. The Vet Tech school where we will hold these wetlabs is at the bottom of the hill down the driveway between the pastures. If you have any problems getting there either call me at (254) 744-2179 or call Dr Garretson at 254 299-8750. We look forward to seeing you this Sunday.
